MEET OUR FOUNDER

Kameo Recruitment opened its doors in May 2018. Founded by Sharon Livermore, the mission was to create a business that seamlessly blended her career and passion. With over 10 years of experience in the recruitment space, Sharon was a talented and hungry Senior Recruitment Consultant with a multi-disciplinary approach before stepping into her role as Owner and Director at Kameo Recruitment.

Over the past five years, alongside recruiting, Sharon has spearheaded a domestic abuse campaign, actively educating businesses on the difference they can make to their employees. Today, she remains a passionate consultant and an admirable leader. Sharon comes alive when she sees the team succeed and wants nothing more than to fuel and aid that success in any way she can.

“

Growing up I aspired to do many things, each of them revolved around helping people; of course, 6-year-old me didn't know she was going to become a recruitment consultant but here we are! Recruitment feels like my calling; I couldn't see myself doing anything else, other than owning my domestic abuse consultancy - a huge 2023 achievement for me. I am immeasurably proud to own Kameo Recruitment. We are an agency unlike any other and are proud to partly measure our success on the positive impact we're making across the UK. When I'm not recruiting or campaigning against domestic abuse you'll find me immersed in family life: I have three children Kyran, Jaimee & Leo. Yes, you've guessed it their names combined spell out Kameo!

”

STANDING OUT FROM THE CROWD

Fair holidays, flexibility, good pay, company incentives, training and development – these are things all prospective employees want to see in their potential employer, right?

So, how do Kameo stand out from the crowd?

Kameo Recruitment prides itself on offering all the above, whilst being a force for good. We want to be recognised as a business who are chartering a better way to do business, by making a genuine and lasting imprint on the communities which surround our offices.

How do we do this?

- ★ We're dedicated to "giving back", every single Kameo employee gives up their time to volunteer. We volunteer through Form the Future and support local school students between 7-13 with CVs, career advice, mock interviews and so much more!
- ★ We tap into widely under-discussed or ever-popular topics. Through seminars and webinars, we educate our network on how they can be a diverse and inclusive employer. Examples include managing menopause, domestic abuse awareness, and workplace well-being.
- ★ We choose to partner with clients who have identified us for, and support, our USP; without their support and financial contribution we could not drive our ESG agenda, and our USP would cease to exist.

Here at Kameo, we are proud of our collaborative working environment; we believe this produces the best results! We work hard to celebrate individual and team success; we guarantee to praise even the smallest wins.

We are passionate about employee wellbeing and firmly believe your mental health is as important as your physical; we endeavour to do all we can to keep you both mentally and physically well.

Kameo Recruitment is a responsible business, you'll be in great company here. Not to mention, 2024 promises to be our best year yet!

EMPLOYEE SPOTLIGHT

CLAUDINE SMITH

Head of Recruitment

I fell into recruitment like so many of us do, working for a well known national high street agency in 2000. After 15 years I moved to a smaller independent agency; in January 2021 I joined Sharon, who I had known for many years, and the Kameo brand.

What makes you a success?

Hard work, drive, determination, my caring nature and my commitment to go the extra mile, combined with a good sense of humour, have enabled me to continue to be successful in the industry.

Life at Kameo to you...

Keeping it short & sweet, life at Kameo is: fun and collaborative

Why join Kameo?

My values greatly aligned with Sharon's, and her passion for Kameo's future was infectious and something I was excited to be part of. It's nice being in a sales role which allocates time to giving back to the community and supporting the students whose schools are affiliated with our voluntary partner Form the Future.

DAN ASHDOWN

Sales & Marketing Recruitment Manager

My career history spans 7 years in media sales selling to the recruitment industry; six years ago I crossed the bridge and became a recruitment consultant. There are a number of key qualities you need to make it in recruitment; they include tenacity, resilience, and plenty of patience: success doesn't come overnight!

What is this year looking like for you?

This year, to me, Kameo is rather intriguing! There are jobs everywhere, so picking up a new role isn't an issue, but there is a real lack of quality candidates; searching /headhunting is key for me. If the year continues in the same fashion, I'm on course for a very good year.

Kameo USP

I feel our USP is the relationships we build with clients & candidates. We don't have many clients leave us, and have had numerous candidates recommend us to new employers; which shows the great service we offer.
